

AGN. NO.

MOTION BY SUPERVISOR GLORIA MOLINA

March 12, 2013

Each year, the American Society of Civil Engineers (ASCE) holds its Pacific Southwest Conference which provides students with a practical application of classroom engineering principles, along with important team and project management skills. The event challenges students' knowledge, creativity and stamina, while showcasing the versatility and durability of concrete as a building material. Loyola Marymount University students will participate in the National Concrete Canoe Competition on Friday April 5, 2013.

I, THEREFORE, MOVE that the Board of Supervisors hereby instruct the Director of the Department of Parks and Recreation to waive the park fees in the amount of \$1,750 for the California State University Los Angeles' Civil Engineering Department at Santa Fe Dam, excluding the cost of liability insurance.
